

Add and subtract fractions • Lesson B

Review & apply • 8 questions • US Letter

Take your time. Show your thinking. All equivalent answers are welcome unless a particular form is requested.

1. Find $59/100 + 30/100$.

2. Find $1\ 71/100 + 1\ 38/100$.

Answer: _____

Answer: _____

3. Is $1/4 - 1/10$ less than, equal to, or greater than $1/2$? Which reason would help you solve this correctly?

- A. Use one half and one whole as benchmarks. If it is close, rename the fractions to check the boundary exactly.
 - B. Add the numerators and denominators separately.
 - C. The denominator counts only the shaded parts.
